Dear Sir:--Mr. J. H. Griffin's application to the County Surveyor of Harris County, covering the survey of a tract of land under the act of 1900, together with the field notes rendered in accordance therewith, calling for Survey No. --, Blk. --, 120.3 acres, has been received, examined and action in the matter suspended for the reason that the following corrections and information must be had: Corrected field notes giving a better description of this land must be furnished. The beginning call should be for the S.E. corner of the Joh Thompson instead of "Thompson". Said field notes should call for the lines and corners of the John White and Thos. Tobin surveys, and not have open calls. The survey should be extended eastward as per application to the most southern S.E. corner of the John White at the same time respecting the lines of the Thos. Tobin. Send the corrected field notes as soon as possible. Must have some explanation or correction as to the date of filing application and the survey of the land, as the application was filed with the surveyor January, 15 1901, while the field notes attest the land to have been surveyed Aug. 8, 1900, and hence this is not a survey by virtue of said application account of the field notes antedating the application for survey. When corresponding with this office in regard hereto please refer to School File No. 1721, Harris County.

Mr. J. H. Griffin,
Houston, Texas.

Carbon Copy of this is for your information and you should call on the surveyor and have him give this proper attention as we wish to make disposition of the claim under the act of 1900.

The Survey was made under the impression that the land being in litigation (see copy of decree attached) that Griffin could hold the land under the preemption act. The General Land Office ruled that he must come under act of 1900. Consequently same survey of Aug 8th 1900 was used to cover application.

Houston, Texas.

Dear Sir:--Mr. J. H. Griffin's application to the County Surveyor of Harris County, covering the survey of a tract of land under the act of 1901, together with the field notes rendered in accordance therewith, calling for survey No. --, 11th --, 120.5 acres, has been received, examined and action in the matter suggested for the reason that the following corrections and information must be had: Corrected field notes giving a better description of this land must be furnished. The beginning call should be for the S.E. corner of the lot Thompson instead of "Thompson". Said field notes should call for the lines and corners of the John White and Thos. Tobin surveys, and not have open calls. The survey should be extended eastward as per application to the most southern S.E. corner of the John White at the same time respecting the lines of the Thos. Tobin. Send the corrected field notes as soon as possible. Must have some explanation or correction as to the date of filing application and the survey of the land, as the application was filed with the surveyor January, 1901, while the field notes attest the land to have been surveyed Aug. 9, 1900, and hence this is not a survey by virtue of said application account of the field notes antedating the application for survey. When corresponding with this office in regard hereto please refer to School file No. 1781, Harris County.

Very respectfully,

S. H. No. 1781, Harris County.
